FELONY BAIL SCHEDULE

SUPERIOR COURT OF CALIFORNIA
COUNTY OF LOS ANGELES

Copies or interim amendments can be obtained at

LOS ANGELES COUNTY Felony Bail Schedule

HOW TO USE THIS BAIL SCHEDULE

(1) The purpose of this bail schedule is to fix an amount upon which a person who is arrested without a warrant may be released from custody prior to appearance in court. At and after a defendant's first appearance, pursuant to Penal Code section 1269b(b), the amount of bail, if any is allowed, shall lie with the sound discretion of the judicial officer before whom the defendant appeared, and may be greater or less than the amount set forth in this schedule, subject to the provisions of Penal Code section 1275. This schedule may also be used by a magistrate in fixing bail pursuant to Penal Code section 815a at the time an arrest warrant is issued, the amount of which lies with the sound discretion of the magistrate.

(2) Bail for an offense pursuant to this schedule shall be the sum of the amount specifically listed for the offense (pages 5-22), and the amounts listed for all applicable enhancements and prior convictions (page 23). If an offense is not specifically listed in this schedule, bail should be set according to the following schedule based on the maximum state prison term applicable to the offense:

TOP TERM 3 YEARS	20,000	TOP TERM 11 YEARS	65,000
TOP TERM 4 YEARS	25,000	TOP TERM 12 YEARS	70,000
TOP TERM 5 YEARS	30,000	TOP TERM 13 YEARS	75,000
TOP TERM 6 YEARS	35,000	TOP TERM 14 YEARS	80,000
TOP TERM 7 YEARS	40,000	TOP TERM 15 YEARS	90,000
TOP TERM 8 YEARS	45,000	TOP TERM 16 YEARS	100,000
TOP TERM 9 YEARS	50,000	ALL LIFE SENTENCES.....	1,000,000
TOP TERM 10 YEARS	55,000		

(3) When a defendant is booked for or charged with two or more offenses, bail shall be the amount computed under this schedule for the charge having the highest bail, including applicable amounts for enhancements and prior convictions except:

(1) where the offenses are committed against separate victims or on separate dates, or (2) where separate sex acts are committed on the same victim and each may be punished separately (including circumstances enumerated in Penal Code sections 667.6(c) and (d)). In addition, amounts for enhancements and prior convictions shall each be added one time per person arrested, per defendant, or per case.

(4) The Bail Deviation Program is available to process all bail increase and decrease requests for persons who have been arrested (other than pursuant to an arrest warrant) but not arraigned. All requests to increase or decrease bail should be called in at (213) 351-0373 or (800) 773-5151. The Program's hours of operation are 6:30 a.m. to 1:30 a.m.

(5) Penal Code Section 1270.1 prohibits the release of an arrestee on bail in an amount OTHER THAN THAT SET FORTH IN THIS BAIL SCHEDULE prior to a hearing in *open court* for:

(a) Violent felonies as described in P.C. Section 667.5(c), but not 460(a);

(b) Serious felonies as described in P.C. Section 1192.7(c) (including those listed in P.C. Section 1192.8);

(c) Violations of P.C. Sections 136.1(c), 243(e)(1), 273.5, 422 (as a felony), and 646.9; and

(d) Violation of P.C. Section 273.6 if the detained person made threats to kill or harm, has engaged in violence against, or has gone to the residence or workplace of the protected party.

BAIL SCHEDULE FOR INFRACTIONS AND MISDEMEANORS

GENERAL PROVISIONS

Uniform Bail Codes

The following state codes have a single bail amount for all **misdemeanor** offenses within that code:

CODE	UNIFORM BAIL
Civil Code	\$250
Code of Civil Procedure	\$250
Education Code	\$250
Election Code	\$250
Financial Code	\$250
Food and Agricultural Code	\$500
Government Code	\$250
Insurance Code	\$250
Labor Code	\$250
Public Utilities Code	\$1,000
Revenue and Taxation Code	\$250
Streets and Highways Code	\$100
Unemployment Insurance Code	\$250

Unlisted Misdemeanors

For all offenses chargeable as straight misdemeanors under state statutes or municipal or agency ordinances, for which there is no uniform bail and which are not otherwise provided for in this schedule, including unlisted subdivisions, the bail is **\$500**, except that if the minimum fine for the offense (not including any penalty assessments) is greater than **\$500**, then the bail is the amount of the minimum fine.

For all offenses chargeable either as a felony or a misdemeanor ("wobblers") for which there is no uniform bail and which are not otherwise provided for in this schedule, the bail is **\$750** (not including any penalty assessments), except that if the minimum fine is greater than **\$750**, then the bail is the amount of the minimum fine.

All violations of County ordinances constituting misdemeanors for which no provision is made in this schedule shall have bail of **\$250**. All misdemeanor violations of the California Code of Regulations for which no provision is made shall have bail of **\$125**, except that if the minimum fine for the offense (not including any penalty assessments) is greater than **\$125**, then the bail is the amount of the minimum fine.

Unlisted Infractions

For all violations of state statutes, provisions of the California Code of Regulations or county, municipal and agency ordinances constituting infractions, which are not otherwise provided for in this schedule or in any other bail schedule approved by the Los Angeles Superior Court, including unlisted subdivisions, the bail is **\$35**, except that if the minimum fine is greater than **\$35**, the bail shall be the amount of the minimum fine.

GENERAL PROVISIONS (continued)

Use of this Bail Schedule

The purpose of this bail schedule is to fix an amount upon which a person who is arrested without a warrant may be released from custody prior to appearance in court. At and after the defendant's first appearance, pursuant to Penal Code section 1269b(b), the amount of bail, if any is allowed, shall lie with the sound discretion of the judicial officer before whom the defendant appeared, and may be greater or less than the amount set forth in this schedule, subject to the provisions of Penal Code section 1275. This schedule may also be used by a magistrate in fixing bail pursuant to Penal Code section 815a at the time an arrest warrant is issued, the amount of which lies with the sound discretion of the magistrate.

When a defendant is booked for or charged with two or more misdemeanor offenses, bail shall be the amount computed under this schedule for the charge having the highest bail except where the offenses are committed against separate victims or on separate dates.

Penalties and Assessments

"P." designates the state penalty, county penalty or any additional penalty required by law. When an offense listed in this schedule requires a court appearance ("Ct."), the assessment shall not be added to the bail amount. Upon conviction, however, the assessment shall be added to the fine imposed.

An additional penalty of **\$29** shall be levied upon every **\$10**, or part of \$10, upon every fine, penalty, or forfeiture imposed by and collected by the court for criminal offenses. The additional penalty is calculated as follows:

- State penalty required by PC § 1464 \$10
- County penalty required by GC § 76000(e) \$ 7
- State court construction penalty required by GC § 70372(a)..... \$ 5
- DNA Identification Fund penalty required by GC §§ 76104.6 and 76104.7..... \$ 5
- Emergency medical services penalty required by GC § 76000.5..... \$ 2

Penal Code § 1464(b) provides that in the case of multiple offenses, the amount of "additional penalties" is to be determined by the total base bail or fine for all offenses cited, and if the fine or base bail is suspended in whole or part, the "additional penalties" shall be reduced in proportion to the amount of suspension.

In addition to the penalty calculated above, Penal Code § 1465.7(a) requires imposition on criminal offenses of a state surcharge equal to **20** percent of the base fine used to calculate the state penalty assessment as specified in Penal Code § 1464(a).

Penal Code § 1465.8 requires imposition of an additional assessment of **\$40** for court operations on every conviction for a criminal offense, including a traffic offense, except parking offenses as defined in Penal Code § 1463(i).

Government Code § 70373 requires the imposition of a conviction assessment, on every conviction for a criminal offense, including a traffic offense, in the amount of **\$30** for each misdemeanor and **\$35** for each infraction.

For additional penalties and fees relating to Vehicle Code violations see page 25.

Abbreviations

"Ct." designates "court appearance."

"I" designates "infraction."

"M" designates "misdemeanor."

"P." designates "penalty." See above for further information on penalties.

Footnotes

Footnotes are at the end of the document. Unless otherwise specified, a footnote applies to every bail indicated for a section.

VEHICLE CODE

GENERAL INFORMATION

Unlisted Misdemeanors

For all violations of the State Vehicle Code or Title 15 of the Los Angeles County Code constituting misdemeanors, which are not otherwise provided for in this schedule, including unlisted subdivisions, the bail is **\$300**, except, if the minimum fine is greater than **\$300**, the bail shall be the amount of the minimum fine.

Determining Vehicle Code Infraction Bail

1. Bail shall be determined by first using the most current publication of the Judicial Council Uniform Traffic Infraction Penalty Schedule. The Judicial Council Uniform Traffic Infraction Penalty Schedule is hereby adopted and incorporated by reference.
2. If bail cannot be set under the provisions of number 1 above, then the bail shall be \$50 for all violations of statutes, regulations or ordinances, except that if the minimum fine for the offense is greater than or less than \$50, the bail shall be the amount of the minimum fine.
3. For those infractions not set forth in the Judicial Council Uniform Traffic Infraction Penalty Schedule in which the statute reflects a minimum and maximum fine (e.g., "a fine of not less than XXX and not more than XXX"), the bail shall be the minimum fine amount.
4. For those infractions not set forth in the Judicial Council Uniform Traffic Infraction Penalty Schedule in which the statute reflects a "fine not to exceed XXX" and the amount is greater than \$50 (e.g., "a fine not to exceed \$100"), then the bail shall be set at \$50, as referenced under the provisions of number 2 above.
5. If the infraction penalty statute requires a sentence, in addition to a monetary fine, the infraction shall require a mandatory appearance to enable the judicial officer to impose a full sentence (with the exception of VC 22349(a-b) and VC 22350 when speed exceeds 25 MPH over the speed limit).
6. If the infraction penalty statute reflects a fine or an alternative (e.g., community service), the infraction shall require a mandatory appearance to permit judicial discretion in the sentencing.

For all violations of Title 15 of the Los Angeles County Code constituting infractions, which are not otherwise provided for in this schedule, including unlisted subdivisions, the bail is **\$35**, except that if the minimum fine is greater than **\$35**, the bail shall be the amount of the minimum fine.

Arrest Without Warrant

When a defendant is arrested without a warrant for more than one misdemeanor offense, the defendant shall be entitled to his release upon posting bail in the sum equal to the highest bail fixed for any one single offense with which he may be charged.

Prior Offenses

The indicated bail/ penalty is for one Vehicle Code moving violation that is assessed "points" on a current arrest or citation. The penalty for a Vehicle Code offense shall be enhanced by **\$10** for each "prior" conviction. For calculating enhancement, both the current and "prior" offense must be a moving violation for which a "point" has been assigned per Vehicle Code § 12810 or 12810.2. Regardless of the number of moving violation convictions on a citation only one "prior" per citation shall be counted in determining the enhancement of the current offense.

An offense for which one or more points have been assigned is identified by an exclamation mark "!" in the "P" (penalties) column.

In the case of an owner responsibility citation (see Vehicle Code § 40001(a, b)), the "prior" must relate to the particular vehicle for which the new offense is charged.

Additional Penalty for Vehicle Code Violations

In addition to the penalties and assessments listed on page 2 of this bail schedule, Government Code § 76000.10 requires the imposition of an additional penalty of **\$4** upon every conviction for a violation of the Vehicle Code or a local ordinance adopted pursuant to the Vehicle Code, except parking offenses. Government Code § 76000.10(c)(1). The assessment of this penalty is due to end on December 31, 2022.

Traffic Violator School Fee

A fee of \$49, added to the total bail, shall be collected from every person who is ordered or permitted to attend a traffic violator school. Vehicle Code § 42007.1(a).

PENAL CODE

Bail for unlisted Penal Code infractions and misdemeanors - See page 1

Bail on Accident Cases

Bail shall be set as for underlying violations.

Penalties Column

"P." designates the state penalty, county penalty or additional penalty required by law. When an offense listed in this schedule requires a court appearance ("Ct."), the additional penalty shall not be added to the bail amount. Upon conviction, however, the additional penalty shall be added to the fine imposed.

For Vehicle Code offenses, the Penalties Column includes the symbols designating point offenses ("I") and offenses which may be charged as occurring either in a highway construction or maintenance area ("•").

Court Appearances

With the exception of juveniles under age 18, there shall be no mandatory court appearance required for any infraction of the California Vehicle Code punishable by fine only. A court may require a mandatory appearance for an infraction violation of the Vehicle Code when a statutory driver's license restriction, suspension, or revocation is authorized, community service or proof of payment or correction is mandatory, or a violation requires specific action under the Vehicle Code in addition to the fine. This paragraph does not apply to violations of local ordinances based on Vehicle Code sections.

Abbreviations and Symbols

"Ct." designates "court appearance."

"I" designates "infraction."

"M" designates "misdemeanor."

"P" designates "penalty."

"E. P.C." designates the offenses potentially eligible for "proof of correction" or "compliance." When the citation indicates that it is issued in accordance with Vehicle Code § 40610(b) and proof of correction is submitted within the time limitation specified in the citation or any continuance granted, the violation shall be dismissed as provided for in Vehicle Code § 40522. Vehicle Code § 40611 authorizes courts to collect a **\$25** transaction fee for each violation. No bail amount shall be collected.

If a citation does not indicate that an offense is eligible for correction, a court may presume that the offense is cited as noncorrectable. (See *California Highway Patrol v. Superior Court* (2008) 158 Cal.App.4th 726, 740.)

"I" designates a Vehicle Code offense for which one or more points have been assigned pursuant to Vehicle Code §§ 12810, 12810.2, 12810.3, and 12810.4.

"•" designates those offenses which may be charged as highway construction or maintenance area offenses (Vehicle Code § 42009).

Highway Construction or Maintenance Area Offenses (Vehicle Code § 42009)

Infractions: The bail for designated offenses is increased by **\$35**, if committed in a highway construction or maintenance area, except as noted for specified offenses. The bail for speeding offenses is indicated on the chart entitled "Increased Bail Amounts for Violations in Highway Construction Zones (Section 42009)."

Misdemeanors: The bail for designated offenses is **doubled**, if committed in a highway construction or maintenance area.

Evidence of Financial Responsibility

Pursuant to Vehicle Code § 16028(e), upon submission of evidence of financial responsibility, in a form consistent with Vehicle Code § 16020, showing that the driver was in compliance with that section at the time the notice to appear for violating subdivision (a) of Vehicle Code § 16028 was issued, further proceedings for the violation shall be dismissed and no bail amount shall be collected. Vehicle Code § 40611 authorizes courts to collect a **\$25** transaction fee for each violation that is dismissed pursuant to Vehicle Code § 16028(e).

63. For each parking citation, a surcharge of five dollars (\$5) shall be added to the bail provided.

Exhibit F

**THIRD LOS ANGELES COUNTY EMERGENCY BAIL SCHEDULE MODIFICATION
EFFECTIVE [OCTOBER 20, 2020 at 5 p.m.]**

PURPOSE & APPLICATION

This modified Los Angeles County Bail Schedule will take effect **October 20, 2020 at 5 p.m.** and remain in effect until further notice. This Los Angeles County Emergency Bail Schedule is in response to the COVID-19 pandemic and deemed a temporary modification to both the 2020 Infractions & Misdemeanors Bail Schedule and the 2020 Felony Bail Schedule.

GENERAL PRINCIPLES OF BAIL ARE STILL APPLICABLE

A court's consideration of the amount of bail in an individual case is governed by mandatory factors identified in the California Constitution: "In setting, reducing or denying bail, the judge or magistrate shall take into consideration the protection of the public, the safety of the victim, the seriousness of the offense charged, the previous criminal record of the defendant, and the probability of his or her appearing at the trial or hearing of the case. Public safety and the safety of the victim shall be the primary considerations." (Cal. Const., art. 1, § 28, subd. (f)(3).) Furthermore, the Penal Code states: "In setting bail, reducing, or denying bail, a judge or magistrate shall take into consideration the protection of the public, the seriousness of the offense charged, the previous criminal record of the defendant, and the probability of his or her appearing at trial or at a hearing of the case. The public safety shall be the primary consideration. In setting bail, a judge or magistrate may consider factors such as the information included in a report prepared in accordance with Section 1318.1." (Pen. Code, § 1275, subd. (a)(1).)

GENERAL RULE

As a rule, the bail for all infraction, misdemeanor, and felony offenses will be set at \$0, with the exception of the offenses listed below:

MISDEMEANOR EXCEPTIONS

***REPEAT OFFENDERS**

While released on \$0 bail, bail for subsequent separate offense/s during the state of emergency as declared by the Los Angeles County Board of Supervisors and the Department of Public Health, shall be set pursuant to the applicable non-emergency 2020 Infractions & Misdemeanors Bail Schedule, and 2020 Felony Bail Schedule. This exception does not apply to those whose subsequent separate offense occurs after the original offense is resolved.

**THIRD LOS ANGELES COUNTY EMERGENCY BAIL SCHEDULE MODIFICATION
EFFECTIVE [OCTOBER 20, 2020 at 5 p.m.]**

Page 4

Exhibit F - 205

ABILITY TO DENY BAIL

Nothing in the Los Angeles County Emergency Bail Schedule restricts the ability of the court to deny bail as authorized by Article I, §12, or § 28(f)(3) of the California Constitution.

BAIL FOR VIOLATIONS OF POST-CONVICTION SUPERVISION

Under the Los Angeles County Emergency Bail Schedule, bail for violations of misdemeanor probation, whether the arrest is with or without a bench warrant, may be set at \$0, unless the charges include at least one of the misdemeanor exceptions set forth above. If a misdemeanor exception applies, bail may be set pursuant to the non-emergency 2020 Infractions & Misdemeanors Bail Schedule.

Bail for all violations of felony probation, parole, post-release community supervision, or mandatory supervision may be set in accord with this Los Angeles County Emergency Bail Schedule (\$0), unless either the charges of conviction or any new criminal charge or arrest is for a felony exception (see above), in which case bail may be set as the greater of the bail associated with the charges of conviction or the bail associated with any new criminal charge or arrest, when the alleged violation of supervision involves new alleged criminal conduct. Nothing in this Emergency Bail Schedule shall affect the hold that can be placed by a supervising agency pursuant to Penal Code §§ 3056, 3455. Felony exceptions are subject to bail set at the amount(s) listed in the court's non-emergency 2020 Felony Bail Schedule and may include enhancements.

BAIL FOR ARREST WARRANTS

Bail for arrest warrants should be set utilizing the 2020 Felony Bail Schedule and/or the 2020 Infractions & Misdemeanors Bail Schedule as appropriate.

MEMORANDUM OF UNDERSTANDING
ON PRETRIAL ASSESSMENT INTERVIEW CONFIDENTIALITY
FOR THE LOS ANGELES PRETRIAL RELEASE PILOT PROGRAM
BETWEEN
THE LOS ANGELES COUNTY PROBATION DEPARTMENT,
THE LOS ANGELES COUNTY DISTRICT ATTORNEY,
THE LOS ANGELES COUNTY PUBLIC DEFENDER,
THE LOS ANGELES COUNTY ALTERNATE PUBLIC DEFENDER,
THE LOS ANGELES CITY ATTORNEY,
AND
THE LOS ANGELES COUNTY BAR ASSOCIATION
INDIGENT CRIMINAL DEFENSE APPOINTMENTS PROGRAM

I. Introduction

The Superior Court of the County of Los Angeles (“Superior Court”) and the County of Los Angeles (“County”) recognize the need for cooperation in ensuring public safety and future court appearances for pretrial arrestees and defendants, as well as providing due process and needed services to those individuals facing potential detention before and during arraignment. The Superior Court applied for funding from the Judicial Council of California (“Judicial Council”) for the proposed Los Angeles Pretrial Release Pilot Program (“Pilot”). The Judicial Council awarded the Superior Court funding to conduct the Pilot on August 9, 2019. The Superior Court developed the Pilot in consultation with County partners, including the Los Angeles County Probation Department (“Probation Department”), the Los Angeles County District Attorney (“District Attorney”), the Los Angeles County Public Defender (“Public Defender”), the Los Angeles County Alternate Public Defender (“Alternate Public Defender”), the Los Angeles County Counsel (“County Counsel”), the Los Angeles City Attorney (“City Attorney”) and with the Los Angeles County Bar Association Indigent Criminal Defense Appointments Program (“ICDA”). The Pilot, as developed, will require staff or contractors of the Probation Department to interview defendants for a dynamic risk and needs assessment, the Criminal Court Assessment Tool (“C-CAT”). The Probation Department also intends to replace its current dynamic risk assessment tool with the C-CAT for use in the existing pre-arraignment Bail Deviation Program

and for post-arraignment interviews at non-Pilot court locations. This Memorandum of Understanding ("MOU") establishes the terms of use of the information that the Probation Department receives from a defendant during the pretrial assessment interview.

II. Purpose

All parties understand that the successful implementation of the Pilot requires accurate assessments of risk and needs for defendants at arraignment. The Pilot must provide eligible defendants the opportunity to participate and to respond truthfully and completely to the C-CAT Defendant Interview questions. To fulfill these requirements, the Probation Department, District Attorney, City Attorney, Public Defender, Alternate Public Defender, and ICDA agree to respect the confidentiality of the interview process and the information obtained in the interview process, which is only intended for use to complete the C-CAT and ensure public safety.

III. Assessment Interview Workgroup

A representative from each of the Probation Department, District Attorney, City Attorney, Public Defender, Alternate Public Defender, and ICDA will comprise the Assessment Interview Workgroup ("Workgroup"). The Workgroup will ensure compliance with the duties and responsibilities set forth in this MOU. Any concerns regarding the integrity of the assessment interview process will be noticed to the Workgroup. The Workgroup will ensure that associated personnel receive appropriate training. All parties agree that participation in the Workgroup does not necessarily constitute an endorsement of the use or efficacy of risk assessment tools.

IV. Responsibilities

A. The Probation Department will:

- Conduct an interview of all eligible or participating defendants transported to Clara Shortridge Foltz Criminal Justice Center Departments 30, 40, and 48 for arraignment, except for defendants charged with a crime on the excluded list (See Appendix A) who the Probation Department will not interview unless defense counsel requests it (See IV.C.);
- Replace its existing risk assessment tool with the C-CAT for use in the existing pre-arraignment Bail Deviation Program and for post-arraignment interviews at non-Pilot court locations;
- Ask only those interview questions required to complete the C-CAT;
- Include in the Interviewer Notes section of the C-CAT only that information deemed necessary to clarify the defendant's responses in the Defendant Interview section;

- Refrain from disclosing any information obtained during the C-CAT Defendant Interview that is not necessary for the completion of the C-CAT;
- Provide defense counsel with an opportunity to review the completed C-CAT Report prior to its publication to the court and, upon objection by defense counsel, not release the results to the court or any other party;
 - If defense counsel objects to the release of the results of the C-CAT, the Probation Department will retain the C-CAT Report and Interviewer Notes and shall not disclose except upon court order; and
 - If defense counsel makes a motion to release a defendant on their own recognizance or makes a motion to reduce bail, the Probation Department will promptly release the C-CAT Report to all parties and the court will consider it.

B. The District Attorney and City Attorney will:

- Refrain from introducing any statement included in the completed C-CAT Interview Notes and Report as evidence in any proceeding except arraignment and any subsequent request for release on own recognizance or reduction in bail; and
- Refrain from issuing subpoenas for the disclosure of any information that the Probation Department receives from a defendant during the C-CAT Defendant Interview that is not included in the completed C-CAT Report.

C. The Public Defender, Alternate Public Defender, and ICDA will:

- Timely notify the Probation Department when defense counsel for a client charged with a crime or allegation contained in Appendix A requests that the Probation Department conduct the C-CAT for the client.

V. Term

The term of this MOU will commence upon execution by all involved parties. The term of this MOU will terminate when the Pilot is concluded, not later than June 30, 2021. This MOU may be terminated at any time without cause by any party upon thirty days' prior written notice to the other parties. With respect to the replacement of the Probation Department's existing risk assessment tool with the C-CAT for the existing pre-arraignment Bail Deviation Program and for post-arraignment interviews at non-Pilot court locations, this MOU will not expire with the

conclusion of the Pilot. The confidentiality of any statement made by a defendant during the interview process survives the conclusion of the Pilot and shall be governed by the terms of this MOU after the expiration of the Pilot.

VI. Notices

MEMORANDUM OF AGREEMENT

BETWEEN

THE SUPERIOR COURT OF CALIFORNIA, COUNTY OF LOS ANGELES

AND

THE COUNTY OF LOS ANGELES

FOR THE LOS ANGELES PRETRIAL RELEASE PILOT PROGRAM

I. Introduction

The Superior Court of California, County of Los Angeles (“Court”) and the County of Los Angeles (“County”) acknowledge the need to collaborate to implement, operate, and evaluate programs and efforts related to pretrial decision-making. To that end, the Court and the County will work together on the Los Angeles Pretrial Release Pilot Program (“Pilot”).

The Court applied for funding from the Judicial Council of California (“Judicial Council”) for the proposed Pilot. On August 9, 2019, the Judicial Council awarded the Court funding to conduct the Pilot.

The Pilot will require significant contributions from the County, including resources for pretrial assessment services and the supervision and monitoring of arrestees and defendants pending trial, and from the Court, including resources for judicial officers and information technology infrastructure. This Memorandum of Agreement (“MOA”) outlines the Court's and the County's responsibilities and ensures that the Court will reimburse the County for the expenditures incurred to carry out its responsibilities as set forth below.

II. Responsibilities

A. The Court will:

- Administer the grant award from the Judicial Council, including reimbursing the County on a quarterly basis for expenditures incurred to carry out its responsibilities;
- Validate the static (Public Safety Assessment, PSA) and dynamic (Criminal Court Assessment Tool, C-CAT) pretrial risk assessment instruments with local historical data;
- Provide the County the local historical data and the results of the validation studies of the PSA and C-CAT and program data to evaluate the process and outcomes of the Pilot;
- Implement and maintain necessary information technology systems to deliver pretrial risk assessment reports to judicial officers prearrest and to

deliver subsequent release decisions to law enforcement agencies, including the Los Angeles County Probation Department (Probation);

- Work with law enforcement agencies to develop and implement training regarding the automated pretrial risk assessment and the subsequent release or detention process;
- Assign and train judicial officers to make prearrestment release decisions based on pretrial risk assessment results provided by the County;
- Provide training to judicial officers assigned to make release decisions at arraignment at the Clara Shortridge Foltz Criminal Justice Center; and
- If deemed necessary and appropriate and with the agreement of the County, contract for supervised release services that Probation would be responsible for managing.

B. The County will:

- Administer the PSA for all arrestees countywide when a booking number is pulled and maintain the resulting data;
- Provide necessary support for the Court-funded development, implementation, and maintenance of information systems necessary to store all pretrial risk assessment data obtained prearrestment and at arraignment;
- Communicate the Court's pretrial release decisions to local law enforcement agencies until the Court can submit this information electronically;
- Fulfill the terms of pretrial supervision that a judicial officer imposes as conditions of release from the agreed upon menu of services and conditions;
- Report data required by the Court to meet the requirements of the grant, as outlined in the application for grant funding;
- Submit claims for reimbursement of actual expenditures incurred to carry out the County's responsibilities to the Court quarterly, no later than 30 days after the close of each quarter. Such expenditures shall not exceed the amounts indicated in Attachment A to this MOA; and
- Comply with all audits of the Court, Judicial Council, or external auditors and provide documentation as requested.

III. Term

The term of this MOA will commence upon execution by both parties. The term of this MOA will end when the funding from the Judicial Council awarded for the Pilot is fully expended, but no later than June 30, 2021. This MOA may be terminated at any time without cause by either party upon giving at least 30 days prior written notice to the other party.

IV. Funding

Performance under this MOA is contingent upon the Judicial Council awarding the Court grant funding for the Pilot as set forth in its August 9, 2019 award notice.

The Court will reimburse the County the amounts specified in the final pilot program budget as specified in the Intrabranh Agreement between the Judicial Council and Court pursuant to this program, as reflected in Attachment A. Program services will cease on June 30, 2021, while pilot activities may continue until December 31, 2021, as the budget allows (e.g., to support reporting activities and completion of deliverables). County will submit an estimate of projected expenses on or before May 15, 2021. No reimbursement will be made for services to arrestees and defendants who enter the program after June 30, 2021. No reimbursement will be made for expenses incurred after December 31, 2021. No billing will be accepted after January 15, 2022, to ensure sufficient time for the Court to reconcile the allocation of funds from the Judicial Council to final program expenditures.

If the Judicial Council, its auditors, or other auditors disallow any expenses, the Court will inform the County and direct it to return the disallowed amount to the Court. The Court will add the amount to any payment due to the County or that may become due to the County.

V. Notices

Any notice required or permitted to be given under the terms of this MOA shall be in writing and delivered by overnight mail and email. Notices shall be sent to the following persons:

VIII. Amendments

Amendments to the MOA will require agreement by both the County and the Court. Amendments to the MOA must be in writing and approved as to form by County Counsel and Court Counsel. Amendments to the MOA will require a new signature page verifying agreement and acknowledgment of the changes. The parties will promptly notify all affected County and Court personnel of amendments to the MOA.

The persons signing this MOA represent that they are authorized to bind their respective parties.

Report title: *Pretrial Pilot Program: Report to the Legislature* (January 2021)

Statutory citation: Budget Act of 2019 (Assem. Bill 74; Stats. 2019, ch. 23)

Date of report: January 1, 2021

The Judicial Council has submitted a report to the Legislature in accordance with the Budget Act of 2019.

The following summary of the report is provided under the requirements of Government Code section 9795.

As part of the Budget Act of 2019, the Legislature allocated a total of \$75 million to the Judicial Council to fund the implementation, operation, and evaluation of projects or efforts in at least 10 courts related to pretrial decisionmaking. The Budget Act directed the Judicial Council to administer the program, collect and analyze required data elements to measure the outcomes, and report annually to the Joint Legislative Budget Committee and the Department of Finance.

This is the third legislatively mandated report on the Judicial Council's Pretrial Pilot Program. It details pilot court and Judicial Council activities carried out between July and December 2020, as well as select data on pretrial risk assessments conducted in each of the 16 court projects since the start of the program.

Since the time of the last report, pilot courts have resumed many operations previously impacted by the COVID-19 pandemic; however, the composition of the data being collected under the program continues to be affected by COVID-19, and by state and local court emergency rules adopted in response to the pandemic. From the start of the program through data reported as of October 2020, nearly 53,000 individuals were assessed under these pilot projects.

The full report can be accessed at <http://www.courts.ca.gov/7466.htm>.

Executive Summary

As part of the Budget Act of 2019 (Assem. Bill 74; Stats. 2019, ch. 23, item 0250-101-0001, provisions 8–17), the Legislature allocated a total of \$75 million to the Judicial Council of California to fund the implementation, operation, and evaluation of two-year projects in trial courts related to pretrial decisionmaking. In August 2019, the Judicial Council approved and distributed funding to the 16 pilot court projects selected for participation in the Pretrial Pilot Program.

The Budget Act directed the Judicial Council to administer the program and report regularly to the Department of Finance and the Joint Legislative Budget Committee. This is the third legislatively mandated report on the Judicial Council’s Pretrial Pilot Program. It details program activities carried out between July and December 2020, as well as Judicial Council administrative support for the pilots during this time. It also presents select data on pretrial risk assessments conducted during an earlier period, starting from the implementation date of each court project. Exact date ranges vary based on available data in each pilot during this period.

Since the last report, pilot courts have resumed many operations previously impacted by the COVID-19 pandemic; however, the composition of the data being collected under the program continues to be affected by COVID-19, and by state and local court emergency rules adopted in response to the pandemic. From the start of the program through data reported as of October 2020, nearly 53,000 individuals were assessed by the pilot projects using one of six pretrial risk assessment tools. The preliminary data in this report provide demographic information, risk level, release decision, and supervision level for assessed individuals. The tables also present preliminary data on outcomes in the pretrial period, though data quality for these outcomes is low and will improve when probation department data are joined with that from other county agencies and the California Department of Justice, and when sufficient time has elapsed to observe all individuals through the completion of their pretrial periods.

Introduction

This report fulfills the legislative mandate of the Budget Act of 2019 (Assem. Bill 74; Stats. 2019, ch. 23, item 0250-101-0001, provisions 8–17), which allocated \$75 million to the Judicial Council to fund the implementation, operation, and evaluation of programs related to pretrial decisionmaking in at least 10 trial courts. The Budget Act directed the Judicial Council to administer the program, collect and analyze required data elements to measure outcomes, and report to the Joint Legislative Budget Committee and the Department of Finance. Accordingly, this report presents information on the activities and data collected for the Pretrial Pilot Program from the time of the last report, submitted in July 2020.

The Judicial Council’s Pretrial Pilot Program

As part of the Budget Act of 2019, the Legislature directed the Judicial Council to administer two-year pretrial projects in trial courts. The goals of the Pretrial Pilot Program, as set by the Legislature, are to:

- Increase the safe and efficient prearrestment and pretrial release of individuals booked into jail;
- Implement monitoring practices with the least restrictive interventions necessary to enhance public safety and return to court;
- Expand the use and validation of pretrial risk assessment tools that make their factors, weights, and studies publicly available; and
- Assess any disparate impact or bias that may result from the implementation of these programs.

In carrying out pretrial operations, pilot courts are required to (1) operate under existing law, (2) incorporate prearrestment (or at arrestment, if a hearing is required) judicial officer release decisions that are informed by a risk assessment conducted by county probation departments, and (3) collect and provide data to the Judicial Council for evaluation of the Pretrial Pilot Program.

Background

In January 2019, the Chief Justice appointed the Pretrial Reform and Operations Workgroup (PROW) and tasked this group with developing recommendations for the application process, selection criteria, and funding allocations for pretrial pilot projects in trial courts, among other duties. Through an extensive request for application and interview process from May to July 2019, the workgroup received over 30 applications to the program, representing approximately \$169.64 million in requested funding. At its meeting on August 9, 2019, the Judicial Council approved the allocation of approximately \$68.06 million to 16 selected pilot court projects.¹

¹ Superior courts of the following counties were selected for participation in the pilot project: Alameda, Calaveras, Kings, Los Angeles, Modoc, Napa, Nevada-Sierra (as a two-court consortium), Sacramento, San Joaquin, San Mateo, Santa Barbara, Sonoma, Tulare, Tuolumne, Ventura, and Yuba.

The Judicial Council's Pretrial Pilot Program is now halfway into its second year of implementation. Pilot courts and their partners used the first year of funding to set up their pretrial operations to comply with the requirements of the program. Courts undertook implementation once funding began and had various official start dates for their projects; all pilots were fully operational by June 30, 2020.

Program Extension

To address the impact of the COVID-19 pandemic, the program expenditure and reporting requirements of the Pretrial Pilot Program were extended by Senate Bill 115, which amended the Budget Act of 2019 and the Budget Act of 2020 (Stats. 2020, ch. 40). As originally enacted, the Budget Act of 2019 required that all funds allocated to pilot courts would be available for encumbrance or expenditure until June 30, 2021. The law also required the Judicial Council to provide reports to the Legislature every six months, with a final report describing the implementation and outcomes of the program by July 1, 2022.

Recognizing the impact of the pandemic on the pilots' ability to produce the anticipated number of assessments and release decisions, and to expend the appropriated funding, SB 115 provides the pilot courts with an additional year, until June 30, 2022, to encumber or expend funds allocated to the program. The Judicial Council is required to provide an interim report to the Legislature on July 1, 2022, on select data elements collected in the program, as well as a final report on the program's outcomes no later than July 1, 2023. The law did not appropriate additional funding for the program. Pilot courts interested in extending their pretrial projects must be able to do so with funding from their original approved awards.

The legislature also approved a delay in implementation of Senate Bill 36 (Hertzberg; Stats. 2019, ch. 589), which established validation and reporting requirements for pretrial services agencies using a pretrial risk assessment tool; these requirements are mandatory for all pilot projects. The legislature recognized that it would not be possible for the pilot projects to collect the volume of data necessary to effectively meet the requirements of SB 36 in the original time frame, given the impact of COVID-19 on arrest rates and the subsequent adoption of the statewide COVID-19 Emergency Bail Schedule (Emergency rule 4; repealed effective June 20, 2020) and local emergency bail schedules. The Governor recently signed Assembly Bill 3364 (Committee on Judiciary; Stats. 2020, ch. 36, §§ 35–42) to provide a six-month extension for each of the SB 36 requirements.

Under the extension in AB 3364, pretrial services agencies have until July 1, 2021, to validate their pretrial risk assessment tools. The Judicial Council will be required to publish outcome-based data on its website commencing June 30, 2021, and, commencing January 1, 2023, will be required to provide reports to the courts and the Legislature with recommendations to mitigate bias in pretrial decisionmaking.

Pilot Court Activities

As of June 30, 2020, all pretrial projects were fully operational and meeting the implementation requirements of the program²:

- A judicial officer is making release decisions prearrestment (or at arraignment if a hearing is required) that are informed by a risk assessment conducted by the county Probation Department for all arrestees booked and detained in jail custody.
- Courts are operating under existing law and individuals continue to post bail in accordance with the local bail schedule.
- If risk assessments were previously carried out by another agency, responsibilities have been fully transitioned to the Probation Department.
- Pretrial operations are serving the entire county, unless the court has received specific approval from the Judicial Council to limit the scope to certain jails or courthouses.
- Courts have not made any local modifications to their chosen risk assessment tools.
- Courts and justice system partners are providing required data to the Judicial Council.

Since June 2020, all pilots have shifted from the implementation phase to enhancing their pretrial operations through data integration efforts; implementation and improvement of court date reminder systems; ongoing training of judicial officers, probation officers, and law enforcement; and maintaining collaboration among the court and its justice system partners. Pilot courts continue to conduct assessments on all individuals booked into jail and report required data elements to the Judicial Council for program evaluation. Preliminary data on assessments conducted under the program and outcomes are provided later in this report.

Resuming Court Operations

During this reporting period, pilots began to resume court operations and pretrial implementation activities that had been impacted by the COVID-19 pandemic. In addition to conducting pretrial assessments, pilots were able to onboard new staff and held several previously postponed training events. Many pilots, however, are continuing to conduct pretrial assessment interviews remotely and to limit in-person contact with individuals on pretrial monitoring.

Since arrest rates were lower during this period, some pilot courts were able to use their available pretrial resources to expand the population of assessed individuals by focusing on those eligible for pretrial release consideration but not included in the original program parameters. These pilots retroactively assessed eligible individuals booked into jail prior to the implementation of the program. Regardless of whether a risk assessment has been completed, each arrested person eligible for release on bail under current law is entitled to post bail in accordance with the schedule in use. Persons deemed ineligible for bail under article I, section 12 of the California Constitution are not assessed by the pretrial projects.

² The Superior Court of San Joaquin County received limited funding and has been permitted to participate in the Pretrial Pilot Program, although it is not implementing prearrestment review.

Program Expenditures

Pilot courts continue to expend funds in accordance with the eligible expenditures listed in their contracts with the Judicial Council.³ Increased expenditures in this reporting period can be attributed to the courts' ability to resume some operations that had been impacted by COVID-19 emergency rules. Though assessment numbers during this period were lower than would have otherwise been expected due to the continuing impacts of COVID-19 and subsequent emergency rules on arrest and release rates, pilot courts expended funds during this time to continue to build the infrastructure and staffing of their programs in anticipation that these numbers would increase.

At the time of this report, the Judicial Council has disbursed approximately 75 percent of the \$68.06 million awarded to participating pilot courts. Of these disbursements, approximately 78 percent has been spent or encumbered by the courts, in accordance with the original budgets approved by the Judicial Council. (A detailed account of court expenditures as of November 15, 2020, is provided as Attachment A.)

With the passage of SB 115, pilot courts were given the opportunity to extend their pretrial programs into a third year, provided that they do so using their original funding award. Nearly all participating courts plan to extend their programs and are working with the Judicial Council to create an updated disbursement schedule to reflect this change. (A list of new program end dates for each pilot court is provided in Attachment A, Table 1).

Judicial Council Activities

Ten percent of the funding of the Pretrial Pilot Program is allocated to the Judicial Council for costs associated with implementing and evaluating the program. Under the guidance of the Pretrial Reform and Operations Workgroup (PROW), Judicial Council staff have continued to meet with pilot court teams remotely throughout this reporting period to assist courts in managing and improving their pretrial operations.

In addition to overseeing the administration of the Pretrial Pilot Program, PROW members have met regularly to conduct an examination of pretrial risk assessment instruments and finalize a report with the workgroup's recommendations for their use. This report was presented to the Judicial Council at its November 13, 2020 meeting, and will be made available to all pilot courts to guide their use of these tools as they carry out their programs. (This report is provided as Link A.)

Program Administration

Judicial Council staff continue to provide pilot courts and their partners with program management and legal support, financial oversight, educational opportunities, and ongoing data integration efforts.

³ Request for Applications: Pretrial Pilot Program, (sections 4.5–4.6), <https://jcc.legistar.com/View.ashx?M=F&ID=7573302&GUID=3FE4389F-A275-45D8-BE66-63BD177D2760>.

Program management

Judicial Council program managers have met with pilot courts and their partners several times during this reporting period. Now that all courts have fully implemented their pretrial operations, Judicial Council program managers are devoting their time to supporting data integration efforts that will assist courts in viewing, storing, and distributing data from their pretrial projects.

Legal support

The Judicial Council continues to provide pilot courts with legal analysis on issues related to pretrial operations, including questions that have arisen around data governance, and the development and use of lists of offenses excluded from prearrest release consideration. Staff have also assisted in reviewing and amending contracts with the courts that chose to extend their pretrial projects as provided in SB 115.

Expenditure tracking

Judicial Council staff are monitoring pilot expenditures and periodically distributing funding installments to the courts based on a set deliverables schedule. In addition to tracking overall expenditures, staff spent this reporting period conducting an in-depth examination of each court's pretrial pilot finances to ensure compliance with their approved budgets and verify the accuracy of reported spending. Courts that will extend their pretrial projects also had calls with staff to discuss the details of their revised budgets. Judicial Council staff are working to amend those pilots' standard agreements and future funding disbursements to reflect the new end dates.

Education

The PROW Education Subcommittee, comprised of four members of the larger workgroup, continue to meet to design educational programs for the pilots. Following the guidance of this group, Judicial Council staff hosted virtual events for pilot courts and their justice system partners during this reporting period.

On September 10 and 11, 2020, the Judicial Council held its second annual *Pretrial Justice Practice Institute (PJPI)*, which convened more than 150 representatives of the 16 pilot projects over two days. The group included judicial officers, court executive officers, pretrial program managers, court staff, probation officers, district attorneys, public defenders, information technology staff, and others involved in the counties' efforts. Pilot representatives met in groups of similarly sized courts to share overall successes, failures, and best practices observed during the implementation phase of their programs. Participants were able to pose questions, share resources, and plan additional ways to exchange strategies and useful information after the conference.

Conference participants heard from Sandra Mayson, Assistant Professor of Law, University of Georgia Law School, during a session titled "Risk Assessment and Race: Moving Forward." Professor Mayson discussed the racial equity concerns in the pretrial context, the reasons that racial disparity can enter risk assessment data and outputs, and how pretrial service agencies and courts can strive to avoid perpetuating racial inequality while making the most effective use of these tools.

Following the conference, Judicial Council staff worked with the PROW Education Subcommittee to design and launch a series of educational webinars for pretrial pilots. The webinars topics were based on common areas of need identified by PJPI participants and feedback from past sessions.

The first session, “Advancing Pretrial Success: Considerations for Improving Pretrial Responses for People who have Mental Illnesses,” took place on October 8, 2020. Dr. Sarah Desmarais, Professor in the Applied Social and Community Psychology Program and Director of the Center for Family and Community Engagement at North Carolina State University, and Hallie Fader-Towe, Program Director of Behavioral Health at the Council for State Governments Justice Center, gave an overview on the intersection of mental illness and pretrial risk assessment, as well as evidence-based strategies for making effective pretrial decisions for people who have mental illness. Over 80 people from the 16 pilot projects participated in this webinar.

Staff also worked with the Center for Judicial Education and Research (CJER) at the Judicial Council to produce a webinar specifically for judicial officers that focused on pretrial release conditions. On November 10, 2020, Judge Brett Alldredge, Superior Court of Tulare County, and Chief John Keene, Chief Probation Officer of the San Mateo County Probation Department, led this training for nearly 150 judicial officers. The presenters addressed the legal basis for imposing conditions on release and considered the range of available conditions and the application of those conditions in the pretrial context, as well as ways to enhance compliance. Judicial officers from 14 of the 16 pretrial pilot courts participated in this session. The high level of attendance suggests this is an area of increasing interest and presents an opportunity for further educational events on this topic.

The next educational session for pilots, planned for late 2020 or early 2021, will focus on strategies for effective data sharing and building data dashboards using Microsoft Power BI to help evaluate and inform local pretrial decisionmaking. Staff continue to map out educational events for the pilots through 2022.

Data collection and integration

Since the last reporting period, the Judicial Council has selected a vendor that has begun designing and implementing a data warehouse system to facilitate the integration pilot courts and justice partner data and provide it to the Judicial Council. The council’s enterprise architecture team is working with the vendor to provide support and technical assistance. Judicial Council staff are simultaneously meeting with pilot courts to prepare them for using the data submission process required under the new system. Until a technical solution is finalized, pilot courts and their partners will continue to submit their required data elements through a more manual process using secured files. Judicial Council staff are collecting, standardizing, and synthesizing data from each separate court and county agency involved in the pilots.

Program Evaluation

The Budget Act of 2019 requires that pilot courts collaborate with local justice system partners to make data available to the Judicial Council as required to measure the outcomes of the pilots. Staff have already completed the first stage of this process, which involves defining data requirements and setting up a data collection process and have begun to analyze the first official submissions of data. Data requirements include a comprehensive list of over 100 data elements collected on every individual from booking to case disposition in all pilot courts. At this time, all 16 pretrial pilots have fully implemented their programs and complied with data reporting requirements.

The data contained in this section are limited in a variety of ways. During this time period, the COVID-19 pandemic continued to cause many disruptions that impact the population eligible for participation in the program, including the Judicial Council's adoption of a statewide emergency bail schedule that set presumptive bail at \$0 for most misdemeanors and lower-level felonies from April 6 to June 20, 2020, and local continuations of \$0 or reduced emergency bail schedules. At the time of this report, approximately half of all pilot courts are still operating under local emergency bail schedules.⁴

As a result of both the emergency bail schedule and local policies implemented in many courts to prevent the spread of COVID-19, pilot courts observed significant reductions in booking rates and jail populations during the period this data were collected. Under these temporary emergency policies, many low-level arrestees who would otherwise be eligible for program participation were cited and released in the field or released on \$0 bail upon booking without undergoing a risk assessment. Crime and arrest patterns may also have been affected by COVID-19 and subsequent local shelter-in-place orders. The population of assessed individuals shown in this report may therefore be different than would be seen in the absence of the pandemic, both in terms of numbers and composition.

This data is also limited with regard to the time frame under which assessments occurred. It includes assessments conducted by each court between October 2019, when funding began, and the latest data available for submission to the Judicial Council, which varied by county from May to October 2020.⁵ However, many courts started to conduct assessments later than October 2019, with all programs fully implemented by June 30, 2020. In addition, several pilot courts adopted a phased approach to implementing pretrial operations, limiting assessments to certain populations or jail locations in initial phases and expanding in subsequent phases. Most courts reported data on assessments conducted through July 2020. (See Attachment B for a list of exact date ranges used for this report.)

⁴ Superior courts in the counties of Alameda, Los Angeles, Napa, Sacramento, San Mateo, Santa Barbara, Sonoma, and Tulare are still operating under local emergency bail schedules.

⁵ Dates vary based on available data.

Data Reporting and Validation

The data processing and analysis for the program are still in progress. As of the date of this report, the data have not yet been joined across agencies within a county, so the data presented in this report relies only on data received from county probation departments. The joining of probation data with that from the courts, jails, and the California Department of Justice (CA DOJ) will eventually yield more reliable results for data elements that are primarily tracked outside of probation departments.

Data concerning demographic information, release decisions, and risk levels are intended to be drawn from probation data and, therefore, have a greater degree of reliability. Data on charge level, failures to appear in court, and new criminal activity, however, are primarily tracked by jails, courts, and the CA DOJ. Charge-level data are not available at this time, since it is not tracked by probation departments. Data on failures to appear in court and new criminal activity in this report draw on the limited outcomes available from probation departments; it is likely these numbers will change when the data processing reaches the stage of cross-agency data linkage. Furthermore, the data in this report include individuals whose pretrial period is not yet complete, and who may accrue adverse outcomes before completion of the pretrial period. The short time frame for this first reporting period means that many programs have not been operational long enough to accurately measure outcomes.

Preliminary Data and Outcomes

The preliminary data on assessments and outcomes included below cover the following legislatively mandated elements:

- (a) The number of assessed individuals by age, gender, and race or ethnicity;
- (b) The number of assessed individuals by risk level, booking charge levels⁶, and release decision;
- (c) The number and percentage of assessed individuals who receive pretrial supervision by level of supervision;
- (d) The number and percentage of assessed individuals by supervision level who fail to appear in court as required, are arrested for a new offense during the pretrial period, or have pretrial release revoked.

Pilot courts were free to select a pretrial risk assessment tool for use in the program that fits the needs and capabilities of the court and its partners. All 16 pilots are using one of the following tools: (1) Ohio Risk Assessment System: Pretrial Assessment Tool (ORAS-PAT); (2) Public Safety Assessment (PSA); (3) Virginia Pretrial Risk Assessment Instrument *Original* (VPRAI-O); (4) Virginia Pretrial Risk Assessment Instrument (VPRAI); or (5) Virginia Pretrial Risk Assessment *Revised* (VPRAI-R). One pilot court is using a locally made and validated tool: the Sonoma Pretrial Risk Assessment Tool (SPRAT). Table 1 below shows the total number of assessments conducted in all pilot courts using one of these six risk tools.

⁶ Data on booking charge level are currently unavailable but will be provided in future reports.

Table 1. Total Assessments by Tool

Tool Name	County	Assessments
ORAS	Modoc, Napa, Nevada, Ventura, Yuba	2,652
PSA	Calaveras, Los Angeles, Sacramento, Tulare, Tuolumne	38,619
SPRAT	Sonoma	2,856
VPRAI	San Joaquin, Santa Barbara	5,443
VPRAIO	Kings	79
VPRAIR	Alameda, San Mateo, Santa Barbara	3,255

See Attachment C for detailed information on each tool and differences in VPRAI versions.

Demographic information

Tables 2–4 below show the number of individuals assessed in the program thus far by age, gender, and race or ethnicity in small, small-medium, medium, and large courts.⁷ Assessments in this period were conducted on 52,904 individuals. As previously mentioned, the assessment numbers shown below are likely lower than would have otherwise been observed due to the impacts of COVID-19 and local emergency rules.

Of the assessed individuals whose demographic information was reported during this period, 79 percent were male and 18 percent female; 26 percent were white, 43 percent Hispanic, 24 percent black, and 7 percent other race/ethnicities; and 21 percent were ages 18–25, 36 percent ages 26–35, 22 percent ages 36–45, 10 percent ages 46–55, 6 percent over age 56, and 5 percent unknown (see Tables 2–4).

Table 2. Number of Assessed Individuals by Gender

Court Size	Male	Female	Other/Unknown	Total
Small	375	115	3	493
Small/Medium	465	110	53	628

Large	30,204	6,780	964	37,948
Total	42,016	9,741	1,147	52,904

⁷ Court size category is based on the authorized number of judicial positions (AJP) within a county: small (2–5 AJP), small/medium (6–15 AJP), medium (16–47 AJP), and large (48+ AJP).

Risk levels

The next set of tables shows the number of assessed individuals by risk level. As shown below, the designation of risk level is not uniform across pilot courts due to the adoption of different risk assessment tools. Pretrial risk assessment tools in use by the pilot courts use varying scales to assign risk to assessed individuals. The tables below are therefore grouped by courts using the same tool.

The Ohio Risk Assessment Instrument: Pretrial Assessment Tool (ORAS-PAT) was designed by the University of Cincinnati, Center for Criminal Justice Research in 2006.⁸ This tool includes seven weighted factors to predict a combined outcome of the likelihood of failure to appear in court (FTA) or new criminal activity (NCA) during the pretrial period. These factors are: (1) age at first arrest; (2) number of failure-to-appear warrants over the past 24 months; (3) three or more prior jail incarcerations; (4) employment status at the time of arrest; (5) residential stability; (6) illegal drug use during the past six months; and (7) severe drug use problem. The ORAS produces a score ranging from 0 (lower risk) to 9 (higher risk).

Five pilots are currently using the ORAS: Modoc, Napa, Nevada, Ventura, and Yuba. During this reporting period, probation departments in these counties assessed 2,652 individuals using the ORAS-PAT.

Table 5. Number of Assessed Individuals by Risk Score (ORAS)

Notes: This table includes data from five counties (Modoc, Napa, Nevada, Ventura, Yuba).

The Public Safety Assessment (PSA) was designed and validated by the Laura and John Arnold Foundation in 2016.⁹ The tool uses nine factors, weighted in different ways, to predict separate likelihoods of an individual's FTA, NCA, and new violent criminal activity (NVCA) during the pretrial period. These factors are: (1) age at current arrest; (2) current violent offense; (3) pending charge at the time of the offense; (4) prior misdemeanor conviction; (5) prior felony conviction; (6) prior violent conviction; (7) prior failure to appear in the past two years; (8) prior failure to appear older than two years; and (9) prior sentence to incarceration.

Unlike the other adopted tools, the PSA produces separate scores to indicate an individual's likelihood to commit each outcome (FTA, NCA, and NCVA). For FTA and NCA, the tool produces a score ranging from one (lower risk) to six (higher risk). For NCVA, the tool produces a score of either zero (lower risk) or one (higher risk). Tables 6–8 below show the number of assessed individuals by risk score for each of these three outcomes in the five counties using the PSA: Calaveras, Los Angeles, Sacramento, Tulare, and Tuolumne. During this time, probation departments in these counties assessed 38,619 individuals under the program using the PSA.

The original Virginia Risk Assessment Instrument (VPRAI-O)¹⁰ was developed by the Virginia Department of Criminal Justice Services in 2003.¹¹ The tool uses nine weighted factors to assign individuals a risk score ranging from 0 (lower risk) to eight (higher risk) based on a combined likelihood of FTA or NCA during the pretrial period. The nine factors used are: (1) charge type; (2) pending charge(s); (3) outstanding warrant(s); (4) criminal history; (5) two or more FTA convictions; (6) two or more violent convictions; (7) length at current residence; (8) employed/primary child caregiver; and (9) history of drug abuse.

Over time, different versions of the VPRAI have been developed using a variety of statistical techniques to test whether alternative factors would improve the tool's predictive ability. In 2009, a minor change was made to the VPRAI after a validation study was conducted on the tool.¹² The eight factors included in the updated tool (VPRAI) are: (1) primary charge type; (2) pending charge(s); (3) criminal history; (4) two or more FTAs; (5) two or more violent convictions; (6) length at current residence; (7) employed/primary caregiver; and (8) history of drug abuse.

¹⁰ The descriptor "VPRAI-O" is used here to differentiate from the next version of the VPRAI, modified in 2009. This is not a term created or used by the Virginia Department of Criminal Justice Services.

¹² *Pretrial Risk Assessment in Virginia* (2009), <https://www.dcjs.virginia.gov/sites/dcjs.virginia.gov/files/publications/corrections/virginia-pretrial-risk-assessment-report.pdf>.

The VPRAI-Revised (VPRAI-R) was developed in 2015–16 and uses eight factors to predict a combined pretrial outcome of FTA or NCA: (1) active community supervision; (2) charge is felony drug, theft, or fraud; (3) pending charge; (4) criminal history; (5) two or more FTAs; (6) two or more violent convictions; (7) unemployed at time of arrest; and (8) history of drug abuse.¹³

Two pilot counties are using or have used the VPRAI (San Joaquin and Santa Barbara); one county uses the VPRAI-O (Kings); and three counties use the VPRAI-R (Alameda, San Mateo, and Santa Barbara).¹⁴ Tables 9–11 below show the number of assessed individuals using the VPRAI, VPRAI-O, and VPRAI-R tools. These courts conducted a total of 8,777 assessments using one of the three versions of the VPRAI during this time.

¹⁴ During the course of its program, Santa Barbara County switched its risk assessment tool from the VPRAI to the VPRAI-R. Pilots are permitted to change their chosen risk assessment tool as long as they do not make modifications to an existing tool and comply with the data reporting requirements of the program.

Pilot courts were also free to select locally developed tools for use in their programs. During the data collection periods reflected in this report, only one pilot court was using a locally developed tool, the Sonoma Pretrial Risk Assessment Tool (SPRAT)¹⁵. The SPRAT was developed in Sonoma County in 2013 and uses 11 factors to predict an individual’s likelihood of FTA or NCA during the pretrial period. These factors are: (1) two charges or less; (2) arrest for DUI; (3) arrest for domestic violence; (4) arrest for violence; (5) no prior FTA; (6) employed or student; (7) prior jail time; (8) pending cases; (9) gang affiliation; (10) homeless or transient; and (11) mental health code of high likelihood to commit violent behavior. This tool assigns both positive and negative weight values to its factors to produce a score ranging from -11 (lower risk) to +11 (higher risk). In Sonoma County, risk assessments using the SPRAT were conducted on 2,856 individuals during this time period (see Table 12).

Table 12. Number of Assessed Individuals by Risk Score (SPRAT)

Booking charge level

Booking charge level is reported in a separate data source from assessment data. Data on this measure are therefore currently unavailable but will be provided in future reports.

Pretrial release decision

The release decisions reported in Table 13 below represent the decisions made by judicial officers on individuals considered for release under the program. Not all individuals who are assessed, however, progress to consideration for release by a judicial officer. In most cases, this

¹⁵ Sonoma stopped using the SPRAT and began using the Public Safety Assessment (PSA) in July 2020.

is because they have already been released. Even after being assessed, many individuals may bail out—including those released under the \$0 Statewide Emergency Bail Schedule in response to the pandemic during a large portion of this reporting period—or are released as a result of their charges being dropped or dismissed. Still more individuals may experience other circumstances that prevent their consideration for release, or release decision data were simply missing.

Table 13 below excludes individuals assessed in Los Angeles County because, at present, data in the county are only processed for *prearrest* release decisions, not for subsequent release decisions made at arraignment.¹⁶ Of the 28,516 individuals assessed in counties other than Los Angeles, 17,858 individuals are not shown in this table because no pretrial program release decision was made. The reasons for the absence of these decisions include: (1) the individual was already released on bail, (2) the individual had their charges dropped or dismissed, (3) the individual was ineligible for consideration for release, or (4) release decision data on the individual were missing.

Table 13. Number of Assessed Individuals by Pretrial Program Release Decision

Court Size	Granted Program Release	Denied Program Release
Small	175	104
Small/Medium	61	178
Medium	3,032	3,862
Large	1,668	1,578
Total	4,936	5,722

Of the 10,658 pretrial release decisions made during this time, 4,936 individuals were granted pretrial program release. This includes individuals released on their own recognizance or on some form of pretrial monitoring. Individuals denied release are those that judicial officers chose not to release through the pretrial program; however, many of these individuals may still have been released on bail. Thus, the group of individuals denied program release here does not represent the number of individuals ultimately detained during the pretrial period. Future reports will include data on individuals released on bail and those released under \$0 emergency bail schedules.

¹⁶ Data provided by Los Angeles are drawn solely from prearrest release decisions and do not include data on release decisions made at arraignment. Of the 24,388 individuals assessed in Los Angeles through June 30, 2020, 15,158 individuals were not considered for prearrest release for a variety of reasons: they may have been released on bail (the Los Angeles court has been operating under a statewide or a local \$0 bail schedule for the entirety of the pilot project), had their charges dropped or dismissed, or were statutorily ineligible for consideration for prearrest release. Of the 9,230 considered for release prior to arraignment, 686 individuals were granted prearrest release. Those not released prearrest into the program were eligible for release consideration at arraignment unless they were otherwise released from jail on bail or had their charges dropped before arraignment. Data on those granted release at arraignment will be made available in a future report.

Levels of pretrial supervision

The information in Table 14 below shows the number and percentage of assessed individuals by supervision level in small, small/medium, medium and large courts. Overall, of the 3,987 individuals under some type of pretrial supervision during this time, 16% received basic supervision, 36% received moderate supervision, 38% received enhanced supervision, and 9% received an unspecified level of supervision.

Table 14. Number and Percentage of Assessed and Supervised Individuals by Supervision Levels

Court Size	Total	Basic		Moderate		Enhanced		Unspecified Supervision	
		Percent	Count	Percent	Count	Percent	Count	Percent	Count
Small	88	56%	49	30%	26	11%	10	3%	3
Small/Medium	46	7%	3	13%	6	4%	2	76%	35
Medium	2,639	17%	438	28%	728	45%	1181	11%	292
Large	1,214	13%	155	57%	686	27%	329	4%	44
Total	3,987	16%	645	36%	1446	38%	1522	9%	374

Those classified as receiving “unspecified supervision” include individuals in counties that do not categorize supervision conditions into discrete levels. For counties that do not use discrete supervision levels, levels were collapsed into “basic,” “moderate,” and “enhanced” supervision, though the specific conditions included in each of these supervision levels vary across counties. (The same classifications apply to the supervision levels in Table 15 below.)

Pretrial Failures/Revocations

Table 15 below shows the number and percentage of assessed individuals by supervision level who fail to appear in court as required, are arrested for a new offense during the pretrial period, or commit a technical violation while on pretrial release. Although the outcome data presented here contain limitations (discussed in more detail below), of the 3,987 monitored individuals, 11% failed to appear in court as required, 4% were arrested for a new offense during the pretrial period, and 5% committed a technical violation of their release or had their pretrial release status revoked for an unknown reason.

Table 15. Pretrial Revocations by Termination Reason and Monitor Level

Monitor Level	Total	FTA		New Crime		Technical Violation/ Unknown		Total Revoked	
		Percent	Count	Percent	Count	Percent	Count	Percent	Count
Basic	645	8%	52	2%	12	4%	26	14%	90
Moderate	1,446	13%	187	3%	42	3%	42	19%	271
Enhanced	1,522	13%	197	7%	100	6%	96	26%	393
Unspecified	374	4%	15	2%	8	5%	20	11%	43
All Levels	3,987	11%	451	4%	162	5%	184	20%	797

Data quality is low for failures to appear, new offenses during the pretrial period, and revocations of pretrial release due to limited records of FTA and new criminal offenses in probation departments. For future reports, FTA and new offense data will come from different data sources that are not currently available. The data in this table also include individuals whose pretrial period is not yet complete and may accrue adverse outcomes before completion of the pretrial period. The short time frame for this reporting period means that many programs have not been operational long enough to accurately measure these outcomes.

Conclusion

All 16 pretrial pilots continue to expend funds and conduct their operations in compliance with the goals and requirements of the program, as outlined by the Legislature. During this reporting period, courts and their partners began to resume several activities impacted in the first months of the COVID-19 pandemic, though ongoing local emergency rules aimed at reducing jail populations continue to affect the number and composition of assessed individuals under the program.

The data presented in this report are preliminary and data processing for the program is ongoing. The joining of data from county probation departments with other local sources and the CA DOJ will ultimately produce more reliable results for certain measures that have low data quality in this report. The next legislative report on the Pretrial Pilot Program is due in July 2021 and will include information on the activities carried out between January and July 2021, as well as the same measures presented in this report using data collected from the pilots and their partners within the same time frame.
